

Power Supply 24V 35 W

24V-GARDEN ACCESSORY

neva
lux

EAN 4007841089252

Your garden. Your light. With the 24V garden lighting system, you can make your outdoor area shine. Simply connect the light, cable and power supply unit and set via the STEINEL Connect app.

- Reliably powers all connected 24V luminaires up to max. 35W and a maximum system length of 30 m
- Easy commissioning via standard 230V socket
- Plug & Play: simple connection without tools or technical knowledge
- Compatible with all components of the 24V garden lighting system
- Robust and reliable: suitable for year-round outdoor use thanks to IP67 (power supply IP44)
- 2 outputs: for flexible system expansion (including cap for unused output)
- On both sides of the power supply, there is a 0.75 m cable
